

AGENT ANNOUNCEMENT

January 5, 2015

Unistrut is excited to announce that CSI Marketing will begin representing us in Nebraska, Kansas, Iowa and Missouri states for the STAFDA, HVAC and PVF markets effective February 1, 2015. Between now and then they will be getting up to speed on the Unistrut product line. Mike Nowak and his team bring years of market knowledge and strong customer connections to Unistrut and we look forward to working with them.

CSI will be replacing JR Sales in the territory who has handled our product since April 2007. We would like to thank James Rohlman and his team for their support over the years.

Unistrut is the original metal framing system featuring a unique weldless connection. The Unistrut system eliminates welding and drilling, and is easily adjustable and reusable for infinite configurations. Over time, our brand has evolved from a simple connection concept to a comprehensive engineered building and support system featuring a robust line of channels, fittings, fasteners, hangers, pipe clamps, and accessories. Backed by our worldwide network of engineering and distribution centers, we provide customers with total-resource capability, making Unistrut the brand everyone asks for by name. To learn more about Unistrut products, please visit www.unistrut.us.

We are very excited to have the CSI Marketing representing Unistrut.

Joel D. Piatt
Director of Sales – National Accounts
