

AGENT ANNOUNCEMENT

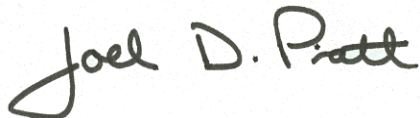

March 7, 2016

Unistrut is excited to announce that WJ Shaw will begin representing us in Nebraska, Kansas, Iowa and Missouri states for the STAFDA, HVAC and PVF markets effective March 7, 2016. Between now and then they will be getting up to speed on the Unistrut product line. Drake Shaw, Jeff Gibbs and Sara Moe bring years of market knowledge and strong customer connections to Unistrut and we look forward to working with them.

WJ Shaw will be replacing CSI Marketing in the territory. We would like to thank Mike Nowak and his team for their support.

Unistrut is the original metal framing system featuring a unique weldless connection. The Unistrut system eliminates welding and drilling, and is easily adjustable and reusable for infinite configurations. Over time, our brand has evolved from a simple connection concept to a comprehensive engineered building and support system featuring a robust line of channels, fittings, fasteners, hangers, pipe clamps, and accessories. Backed by our worldwide network of engineering and distribution centers, we provide customers with total-resource capability, making Unistrut the brand everyone asks for by name.
